### CALF ZONE

Faster recovery

### ANKLE ZONE

Ankle stabilization

### FOOT ZONE

Blister prevention

## CEP TECHNOLOGIES

### MEDI COMPRESSION

medi compression ensures ultra-precise compression control by incorporating a compression thread into every stitch row of the product to provide targeted compression exactly where it's needed.

### TIGHTFIT TECHNOLOGY

The TIGHTFIT Technology in the bi-elastic fabric delivers effective compression. Combined with perfect, flat seams, this guarantees unmatched wearing comfort.

## CEP CLIMA TECHNOLOGIES

### BEST CLIMA

A balanced blend of materials for warm and cold temperatures that perfectly adapts to your unique athletic challenge. The use of hydrophilic materials ensures rapid moisture wicking and unmatched wearing comfort. Integrated filament yarns make the fabric extremely durable.

### COOL CLIMA

[Ultra]light products by CEP feature a thin fabric with excellent wicking properties so you stay cool and dry. The thinly padded foot section of the socks ensures ultimate comfort and direct contact in close-fitting running shoes.

### WARM CLIMA

Merino products by CEP combine the comfortable wearing characteristics of merino wool with the effectiveness of high-quality polyamide fibers. Optimum body temperature, unique moisture management and enhanced durability are the key characteristics of this blend of fibers.

### THERMAL CLIMA

Thermal Clima technology is designed to keep you warm even in below freezing temperatures. This effect comes from the plush-enhanced inside of our high-quality products, which creates layers of air between the fibers that store heat. The high-tech yarn has excellent moisture wicking properties.

## CEP SMART TECHNOLOGIES

### SMART CARBON

The carbon-infused yarn gives the socks extreme strength with high elasticity, keeps you cool and is super lightweight.

### SMART INFRARED

Yarns with bioactive minerals reflect the body's own infrared radiation and support natural recovery processes through improved microcirculation.

### SMART SILICONE

The special silicone pads provide relief to targeted areas with a deep tissue massage effect. They dynamically adapt to your sequence of motion and are optimized for athletic challenges.

### SMART GRIP

Highly flexible and ultra-thin dots on the bottom of the socks ensure a perfect stay-put fit and secure control in shoes.

### SMART REFLECTIVE

The eye-catching reflective elements increase visibility and safety when running in the dark. The high-performance fabric reflects light that directly hits the surface of the material.

### SMART STRETCH

The polyamide/spandex blend guarantees a perfect fit and maximum freedom of movement. The fabric wraps around your body for superior wearing comfort.

# SKI

WITH MEDI COMPRESSION

# SKI NORDIC COMPRESSION SOCKS

NEW

## NORDIC DESIGN MEETS ACTIVATING COMPRESSION

### TOP FEATURES

- Your feet stay nice and warm thanks to a combination of premium merino wool and a plush-enhanced thermal fabric with a warming effect
- Wrinkle-free compression ensures ultimate comfort and a perfect fit in ski boots
- Activating, circulation-enhancing medi compression gives you more leg power and boosts recovery

Official supplier of  
the German National Ski Teams  
Biathlon and Nordic

MEN		-	III	IV	V

Measure your ankle circumference at the narrowest point.

CEP offers activating sportswear with a one-of-a-kind fit. To ensure that our products fit perfectly and guarantee their optimum effect, the size is determined using a circumference measurement.

## CARE INSTRUCTIONS

All CEP products require careful washing to protect the fibers and preserve their performance-enhancing effect and superior comfort.

### PLEASE OBSERVE THE FOLLOWING:

Machine wash gentle/delicate

Do not iron

Do not use bleach/chlorine

Do not dry-clean

Never dry in direct sunlight or on a radiator

### ULTRALIGHT PRODUCTS MERINO / APPAREL / ORTHO

### SOCKS & SLEEVES (EXCEPT MERINO AND ULTRALIGHT PRODUCTS) RECOVERY PRO TIGHTS

CEP recommends using mild detergents; wool detergents should be used for products that contain wool.
